84-712. Public records; free examination; memorandum and abstracts; copies; fees.

(1) Except as otherwise expressly provided by statute, all citizens of this state and all other persons interested in the examination of the public records as defined in section [84-712.01](#) are hereby fully empowered and authorized to (a) examine such records, and make memoranda, copies using their own copying or photocopying equipment in accordance with subsection (2) of this section, and abstracts therefrom, all free of charge, during the hours the respective offices may be kept open for the ordinary transaction of business and (b) except if federal copyright law otherwise provides, obtain copies of public records in accordance with subsection (3) of this section during the hours the respective offices may be kept open for the ordinary transaction of business.

(2) Copies made by citizens or other persons using their own copying or photocopying equipment pursuant to subdivision (1)(a) of this section shall be made on the premises of the custodian of the public record or at a location mutually agreed to by the requester and the custodian.

(3)(a) Copies may be obtained pursuant to subdivision (1)(b) of this section only if the custodian has copying equipment reasonably available. Such copies may be obtained in any form designated by the requester in which the public record is maintained or produced, including, but not limited to, printouts, electronic data, discs, tapes, and photocopies. This section shall not be construed to require a custodian to copy any public record that is available to the requester on the custodian's web site on the Internet. The custodian of the public record is required to provide the location of the public record on the Internet to the requester. If the requester does not have reasonable access to the Internet due to lack of computer, lack of Internet availability, or inability to use a computer or the Internet, the custodian shall produce copies for the requester.

(b) Except as otherwise provided by statute, the public body, public entity, or public official which is the custodian of a public record may charge a fee for providing copies of such public record pursuant to subdivision (1)(b) of this section, which fee shall not exceed the actual added cost of making the copies available. For purposes of this subdivision, (i) for photocopies, the actual added cost of making the copies available shall not exceed the amount of the reasonably calculated actual added cost of the photocopies, which may include a reasonably apportioned cost of the supplies, such as paper, toner, and equipment, used in preparing the copies, as well as any additional payment obligation of the custodian for time of contractors necessarily incurred to comply with the request for copies, (ii) for printouts of computerized data on paper, the actual added cost of making the copies available shall include the reasonably calculated actual added cost of computer run time and the cost of materials for making the copy, and (iii) for electronic data, the actual added cost of making the copies available shall include the reasonably calculated actual added cost of the computer run time, any necessary analysis and programming by the public body, public entity, public official, or third-party information technology services company contracted to provide computer services to the public body, public entity, or public official, and the production of the report in the form furnished to the requester.

(c) The actual added cost used as the basis for the calculation of a fee for records shall not include any charge for the existing salary or pay obligation to the public officers or employees with respect to the first four cumulative hours of searching, identifying, physically redacting, or copying. A special service charge reflecting the calculated labor cost may be included in the fee for time required in excess of four cumulative hours, since that large a request may cause some delay or disruption of the other responsibilities of the custodian's office, except that the fee for records shall not include any charge for the services of an attorney to review the requested public records seeking a legal basis to withhold the public records from the public.

(d) State agencies which provide electronic access to public records through a portal established under section [84-1204](#) shall obtain approval of their proposed reasonable fees for such records pursuant to sections [84-1205.02](#) and [84-1205.03](#), if applicable, and the actual added cost of making the copies available may include the approved fee for the portal.

(e) This section shall not be construed to require a public body or custodian of a public record to produce or generate any public record in a new or different form or format modified from that of the original public record.

(f) If copies requested in accordance with subdivision (1)(b) of this section are estimated by the custodian of such public records to cost more than fifty dollars, the custodian may require the requester to furnish a deposit prior to fulfilling such request.

(4) Upon receipt of a written request for access to or copies of a public record, the custodian of such record shall provide to the requester as soon as is practicable and without delay, but not more than four business days after actual receipt of the request, an estimate of the expected cost of the copies and either (a) access to or, if copying equipment is reasonably available, copies of the public record, (b) if there is a legal basis for denial of access or copies, a written denial of the request together with the information specified in section [84-712.04](#), or (c) if the entire request cannot with reasonable good faith efforts be fulfilled within four business days after actual receipt of the request due to the significant difficulty or the extensiveness of the request, a written explanation, including the earliest practicable date for fulfilling the request, an estimate of the expected cost of any copies, and an opportunity for the requester to modify or prioritize the items within the request. The requester shall have ten business days to review the estimated costs, including any special service charge, and request the custodian to fulfill the original request, negotiate with the custodian to narrow or simplify the request, or withdraw the request. If the requester does not respond to the custodian within ten business days, the custodian shall not proceed to fulfill the request. The four business days shall be computed by excluding the day the request is received, after which the designated period of time begins to run. Business day does not include a Saturday, a Sunday, or a day during which the offices of the custodian of the public records are closed.
