
Request For Qualifications

For Professional Engineering Services

Wastewater Treatment Facilities - Effluent Diffuser

City of Gering, Nebraska

November 2018

The City of Gering, Nebraska is soliciting qualifications from engineering firms in connection with providing engineering services for the planning, design, and construction of a proposed Effluent Diffuser for the City Wastewater Treatment System.

1. RFQ and Information packets may be obtained at the City of Gering Administrative Offices, 1025 "P" Street, P.O. Box 687, Gering, NE 69341.
2. All firms submitting qualifications for the project must do so no later than 11:00 a.m., Mountain Standard Time, December 4, 2018.
3. Submittals received after this time will be considered null and void and will not receive further consideration.
4. Each Statement of Qualifications shall be submitted in five (5) copies. Statement of Qualifications shall be submitted in an envelope clearly marked indicating project title.
5. The City reserves the right to reject any and/or all proposals, waive any informality in the proposals received and to accept the proposals it deems most beneficial to the City.
6. Questions directly relating to any matter contained in this Request for Qualifications shall be directed to:
Pat Heath
Director of Public Works
(308) 436-6834

/s/Kathy Welfl, City Clerk
