CURRENT BUSINESS

1. Presentation by TCD Interim Director, Anthony Gurrola, regarding the City of Gering recertification as a Nebraska Economic Development Certified Community

Brittany Hardin, Western Field Consultant with the Nebraska Department of Economic Development, Trusted Community Development Interim Director, Anthony Gurrola, and TCD staff Hever Barraza and Brad Wiese met Mayor Ewing at the Podium and presented a framed certificate of the Nebraska Economic Development Certified Community Recertification. Ms. Hardin stated that Gering is one of 36 members in this program across the state, and has been a part of this program since 2011. She added that Gering has remained in the program by staying strategically ready for growth. She further highlighted Gering's involvement with workforce housing and other economic development activities.

2. Consider approving and authorizing the Mayor to sign an Interlocal Cooperative Agreement for Landfill Operations and Solid Waste Disposal by and between the City of Gering and the City of Kimball, Nebraska

City Engineer, Annie Folck, explained that as the Gering Landfill nears final closure, staff is exploring other options for waste disposal. While a new landfill is still being studied and considered, a new site will most likely not be permitted and built before the Gering Landfill sunsets. Staff has been exploring several options for an interim landfill, and has obtained quotes from several other area landfills. One option that is a unique opportunity is working with the City of Kimball.

The City of Kimball currently owns and operates its own landfill, but the operational costs are prohibitive for the small amount of waste they take in each year. Kimball would not be able to handle additional waste from Gering on its own; however, once Gering's landfill closes, the City of Gering will have staff and equipment available that will no longer be in use. The proposed agreement would allow for the City of Gering to provide staff and equipment to manage the Kimball Landfill in return for a heavily discounted tipping fee.

This opportunity has numerous advantages for both communities. For Kimball, it will provide some extra revenue while reducing their operating costs. For Gering, in addition to the heavily discounted tipping fee, it will allow the City to keep utilizing experienced employees and equipment, so that if/when a new landfill is sited and built, the transition back to operating a landfill will be much easier than if the City ceases all operations for a period of time. Additionally, as Gering is considering whether or not to build a new landfill, costs for a new facility will be compared to costs to expand capacity at the Kimball facility. If expanding the Kimball facility turns out to be the most economical option, then this proposed agreement has provisions for Gering to add a future landfill cell at the existing Kimball facility. This will ensure predictable tipping fees for Gering for the next several years.

Staff has compared the cost of this option against tipping fees at several other facilities, taking into account transportation costs, as those can vary greatly depending on distance. Even after accounting for additional staff time, fuel, equipment, and other incidentals, the Kimball option remains the most economical.

Councilmember Morrison asked who will take care of liability with City of Gering employees working in Kimball. Engineer Folck replied that Gering would still be responsible for its employees and staff checked with LARM on that matter. She explained that there won't be a lot of drive time. Environmental Services Director, Steve Mount, added that staff anticipate only one or two trips per day.

Councilmember Wiedeman asked if Gering's current landfill will become a transfer station. Engineer Folck replied, yes, the baler building is currently licensed as a transfer station; that expansion is currently underway. She further explained.

Engineer Folck noted that Gering customers will still be able to bring items to the landfill to dispose of, and the tree disposal site will remain in service as well.

Jim Cederburg, Public Works Board Chairman in Kimball, addressed Council and stated that he was hopeful that Council would support approving the agreement.

Motion by Councilmember Wiedeman to approve and authorize the Mayor to sign an Interlocal Cooperative Agreement for Landfill Operations and Solid Waste Disposal by and between the City of Gering and the City of Kimball, Nebraska. Second by Councilmember O'Neal. There was no discussion. Mayor Ewing called for the vote. "AYES": Shields, Gillen, Cecil, Kinsey, Wiedeman, O'Neal, Morrison, Jackson. "NAYS": None. Abstaining: None. Absent: None. Motion carried.

3. Discuss participation in and expenditure of Economic Development Funds for a Regional Housing Study

Administrator Heath stated that Panhandle Are Development District (PADD) and Western Nebraska Economic Development (WNED) are preparing for a regional housing study for the eleven counties in the Nebraska Panhandle. The purpose of the study is to provide PADD, WNED, their member communities, and regional partners with current, reliable, and actionable information regarding housing conditions, needs, barriers, and opportunities throughout the panhandle. To qualify for most federal and state housing funding, applicants must provide a current housing study. The current housing study expires in 2027.

The cost of the study is $106,795. PADD is contributing $77,970.04. The remaining balance of $28,824.96 will be paid by first class cities – amounts will be prorated based on population. The amount Gering pays may be reduced if the smaller communities contribute and if PADD can secure additional funds.

Councilmember Gillen added that he serves as Chairman of the WNED; they see this as a great opportunity to partner with communities across the region and feels that it will be a huge benefit to have this study available.

Motion by Councilmember Cecil to approve the expenditure of LB840 Economic Development Funds in the amount of $5,772.14 as Gering's portion for a regional housing study. Second by Councilmember Morrison. There was no discussion. Mayor Ewing called for the vote. "AYES": Shields, Gillen, Cecil, Kinsey, Wiedeman, O'Neal, Morrison, Jackson. "NAYS": None. Abstaining: None. Absent: None. Motion carried.

BIDS/PROPOSALS:
1. Consider approving Blind Alley Transformers Bid – Electric Department

Engineer Folck stated that the Electric Department continues to convert additional parts of the City to 7200 voltage. As part of this process, they are going to be moving some electric lines from overhead to underground in the vicinity of S and T Streets between 15th and 20th Streets. This area only has utility easements, not dedicated alleyways, and this will be the most economical way to upgrade the transformers and wire for the upcoming conversion.

The City will be bidding out the installation of this project, but because of long lead times on transformers, the transformers are being ordered separately. This allows the transformers to be ordered prior to the design being completed and the rest of the project being bid.

The City received three bids. The low bid was from Border States, at $87,655.50 (including sales tax). The bid met all specifications, and the lead time is 13 weeks, which will be in time to keep the proposed project on schedule.

Motion by Councilmember Gillen to award the blind alley transformers bid for the Electric Department to Border States in the amount of $87,655.50 which includes sales tax and estimated shipping costs. Second by Councilmember Cecil. There was no discussion. Mayor Ewing called for the vote. "AYES": Shields, Gillen, Cecil, Kinsey, Wiedeman, O'Neal, Morrison, Jackson. "NAYS": None. Abstaining: None. Absent: None. Motion carried.

2. Consider approving Monument Heights Directional Drilling Project Bid – Electric Department

Councilmember Kinsey stated that he wanted to declare a conflict of interest because the company he works for and represents in this matter is one of the companies bidding on this project; he added that he would be recusing himself from the vote.

> **Motion by Councilmember O'Neal to accept a conflict of interest declared by Councilmember Kinsey regarding the Monument Heights Directional Drilling Project Bid due to his position and employment with the Gering Branch of Beveridge, Inc. conflict of interest. Second by Councilmember Wiedeman. There was no discussion. Mayor Ewing called for the vote. "AYES": Shields, Gillen, Cecil, Kinsey, Wiedeman, O'Neal, Morrison, Jackson. "NAYS": None. Abstaining: None. Absent: None. Motion carried.**

Engineer Folck explained that the Electric Department continues to convert additional parts of the City to 7200 voltage. As part of this process, they are going to be replacing aging underground lines that were buried directly in the ground with no conduit. This should help prevent some of the outages and other issues that have been experienced during the conversion of other parts of the City.

This bid is for the directional drilling (boring) of electrical conduit in the Monument Shadows neighborhood. The City is providing the conduit. After installation, the Electric Department will pull in new wires, ensuring these underground lines can handle the higher voltages after the conversion.

The project was publicly advertised, and the City received two bids (see attached bid summary). The low bid was from Beveridge, Inc., in the amount of $66,801.

> **Motion by Councilmember Cecil to award the Monument Heights Directional Drilling Project Bid for the Electric Department to Beveridge, Inc. in the amount of $66,801. Second by Councilmember Shields. There was no discussion. Mayor Ewing called for the vote. "AYES": Shields, Gillen, Cecil, Wiedeman, O'Neal, Morrison, Jackson. "NAYS": None. Abstaining: Kinsey. Absent: None. Motion carried.**

	Including Installation of 33 ADA Handicap Ramps	
	Total:	$ 8,618,000

Councilmember Morrison asked, looking at the six-year plan, it's hard to predict how much concrete and materials will cost at that time, which makes it tough. Superintendent Dahlgrin replied yes, it's really hard. At some point he'd like to present to Council a full outlook of all the City streets. Councilmember Wiedeman asked if LB357 funds will be used for any of these projects. Engineer Folck replied that the 10th Street project will.

Mayor Ewing asked if anyone in the Council Chambers wished to speak to this public hearing. Seeing none, and with no further comments, the administrative record was closed and the public hearing closed at 6:39 p.m.

1a. Consider approving Resolution 10-26-2 authorizing the Mayor to sign the Municipal Annual Certification of Program Compliance to the Nebraska Board of Public Roads Classifications and Standards 2026

RESOLUTION 10-26-2

Signing of the Municipal Annual Certification of Program Compliance 2026

Whereas: State of Nebraska Statutes, sections 39-2115, 39-2119, 39-2120, 39-2121, and 39-2520(2), requires an annual certification of program compliance to the Nebraska Board of Public Roads Classifications and Standards; and

Whereas: State of Nebraska Statute, Section 39-2120 also requires that the annual certification of program compliance by each municipality shall be signed by the Mayor or Village Board Chairperson and shall include the resolution of the governing body of the municipality authorizing the signing of the certification.

Be it resolved that the Mayor of Gering is hereby authorized to sign the Municipal Annual Certification of Program Compliance.

(Signature of Clerk)

Motion by Councilmember Morrison to approve Resolution 10-26-2 authorizing the Mayor to sign the Municipal Annual Certification of Program Compliance to the Nebraska Board of Public Roads Classifications and Standards 2026. Second by Councilmember Gillen. There was no discussion. Mayor Ewing called for the vote. "AYES": Shields, Gillen, Cecil, Kinsey, Wiedeman, O'Neal, Morrison, Jackson. "NAYS": None. Abstaining: None. Absent: None. Motion carried.

CLOSED SESSION: (Council reserves the right to enter into closed session if deemed necessary.) None.

OPEN COMMENT: Discussion or action by Council regarding unscheduled business will not take place. This section is for citizen comment only.

Steve Morgheim, 2150 Pacific Blvd, Gering, address the Council. He thanked the Council for all their hard work and thanked staff for handling his requests efficiently. He stated "I'm here tonight to talk about the proposed Prairie Thunder Racino. I'm not going to say yay or nay. I'm here strictly on behalf of CIVISCOPE™ to gain information. And for context, I'd like to start out with a story."

He went on to tell "The egg story": My Uncle Henry and Aunt Bes farm near Ogallala. They've been married since Elvis appeared on The Ed Sullivan Show. Aunt Bes makes pancakes, bacon, and eggs for Uncle Henry. Recently, they decided to shop at the newly opened Prairie Thunder Grocery Store. When they got to the eggs, Aunt Bes called over a nearby manager. "Sir," she asked, "has anyone inspected these eggs?" "Certainly," he said. "Our specialist reviews all egg paperwork." "Eggs have paperwork?" asked Uncle Henry. "Of course," he answered. "And the Egg Zoning Commission approves the paperwork." "Yes, but did anybody inspect the eggs?" "No. They inspect the paperwork." "Now we need a lawyer to buy eggs," sighed Uncle Henry. "Sir," replied the Prairie Thunder manager, "we have a 100% Golden Egg Policy." "And what is that?" asked my aunt. "Every egg is golden until it's proven otherwise." "And if one is rotten?" asked Uncle Henry. "We'll review your concern." "When?" "At the appropriate time." "Come on, Bes," said Uncle Henry, tugging at her sleeve. "I think we should go over to Staples to buy paper."

Mr. Morgheim stated that he is asking for three items from the Council:
1. The written findings and evidence that support the conditional-use permit granted to the applicant, including how that permit complies with each element of the City's Comprehensive Plan.
2. The written findings and evidence submitted by the applicant showing that the conditions have been met to gain final, not conditional, approval.
3. And if the Council believes it has no authority, duty, or statutory requirement to provide such information, I ask that it state the governing legal provisions supporting that opinion.

He added that as well as this statement, he would be submitting to the City Clerk a summary of his prior denials and comparative replies to date. In conclusion, he stated "Let me say that the merchant can stand behind the eggs. But it's the Gering residents who will take home the rotten ones."

ADJOURN:

Motion by Councilmember Gillen to adjourn. Second by Councilmember O'Neal. There was no discussion. Mayor Ewing called for the vote. "AYES": Shields, Gillen, Cecil, Kinsey, Wiedeman, O'Neal, Morrison, Jackson. "NAYS": None. Abstaining: None. Absent: None. Motion carried.

Meeting adjourned at 6:45 p.m.
